PRESCHOOL PAD
FALL 2025

A MESSAGE FROM DIRECTOR MRS. ELIZABETH CONSOER

Our Salem school theme this year is "Under Construction". At our school, we believe every student, teacher, and family is a work in progress- "under construction" by God's loving hands. God builds us up daily as He forgives and renews us through Jesus' life, death, and resurrection. Just like a building site where bricks are laid one by one, God is shaping each of us daily into who He has called us to be.

1 Thessalonians 5:11 reminds us to "encourage one another and build one another up". We don't walk through this journey alone! We are called to speak words of life, lend helping hands, and support one another as God continues His good work in us.

With Christ as our solid foundation, we can be confident that He is building something beautiful in our lives. We can trust the Master Builder to faithfully construct our hearts and minds to reflect His love throughout this school year!

We invite you to worship with us each weekend. Join us for Bible Study and Sunday School. For more information visit: slcas.org
